

Safety Data Sheet (SDS)

Section 1: Chemical Product and Company Identification

Cat# : APP-25, APP-100, LEM-25, LEM-100

Part Name: Odorgone Apple, Odorgone Lemon

Supplier: Decon Laboratories Inc.
460 Glennie Circle King of Prussia, Pa 19406
SDS Telephone # (610) 755-0800

Emergency Telephone Numbers

US Chemtrec: (800) 424-9300

Canada: (703) 527-3887

Identified uses: Laboratory use

Email Contact: cveloski@deconlabs.com

Section 2: Hazards Identification:

Hazard Overview

Fragrance composition when undiluted and not properly handled can be irritating to skin and eyes and upon inhalation.

Signal Word: WARNING

Hazard and Precautionary Statements

P280 Wear protective gloves/protective clothing/eye protection/face protection.

H317: May cause an allergic skin reaction

P264 Wash thoroughly after handling.

P280 Wear protective gloves/protective clothing/eye protection/face protection.

P305/351/338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do - continue rinsing.

NFPA Hazard Rating

Hazard Ratings:

These ratings are Decon Laboratories Inc.'s own assessments of the properties of the material using the ANSI/NFPA 704 Standard. Additional information can be found by consulting in the NFPA published ratings lists (List 325 and list 49).

If no data is listed the information is not available

Safety Data Sheet (SDS)

Health 1 Flammability 2 Reactivity 0

Section 3: Composition/ Information on ingredients

Note: Items listed with a CASRN number have no CAS# available

Item#	Name	CAS #	% in Product
1	TRIPLAL	68039-49-6	1-10%
2	ACETATE PA	7493-74-5	1-10%
3	d-LIMONENE	5989-27-5	1-10%

Section 4: First Aid Measures

Eye contact

Irrigate thoroughly with water for at least 10 minutes, hold eyelids open if necessary and obtain medical attention.

Skin contact

Remove all contaminated clothing. Immediately wash affected area with plenty of soap and water. If contaminated area is extensive place under shower and drench for 10 minutes. If irritation persists obtain medical attention. Clothing should be thoroughly washed or dry cleaned before re-use.

Inhalation

Remove from exposure, keep warm and at rest. If there is respiratory distress give oxygen if available, and if first aider has been trained in its application. If respirations stops or shows signs of failing, apply artificial respiration. Do not use mouth to mouth ventilation. Obtain medical attention urgently.

Ingestion

Wash out mouth with water and give plenty of water to drink. Do not induce vomiting. Obtain medical attention urgently. It may be necessary to treat for shock.

Section 5: Fire-Fighting Measures

Extinguishing Media: CO₂, Dry power, alcohol resistant foam, or water fog. Do not use water jets.

Special Hazards: Vapors are heavier than air and will collect at ground level, in work pits or cellars creating a fog.

Decomposition: Thermal degradation products may be formed which are acidic and acrid.

Safety Data Sheet (SDS)

Protective Equipment: Appropriate protective clothing, self contained breathing apparatus.

Section 6: Accidental Release measures

Any information listed below is to be considered in addition to internal guidelines for isolation of spill, containment of spill, removal of ignition sources from immediate area, and collection for disposal of spill by trained, properly protected clean up personnel.

Personal Protection: Appropriate protective clothing, gloves, face mask, goggles/glasses. Extinguish all sources of ignition.

Environmental Precautions: Do not allow to enter drains or water courses. Avoid subsoil penetration.

Spillages: Remove ignition sources. Provide adequate ventilation. Avoid excessive inhalation of vapors Absorb with earth, sand or other inert material. Place in a suitable container and dispose of in accordance with national & local regulations relating to special waste disposal.

Section 7: Handling and Storage

Handling: Observe normal standards of industrial hygiene for handling chemicals. Use in well ventilated areas. Avoid inhaling vapor, contact with eyes, skin and clothing. Keep container tightly closed when not in use. Avoid buildup of static electricity.

Storage: Store in a cool, dry, well ventilated area, keep container firmly closed, no smoking and keep away from direct sunlight and sources of ignition. Avoid build up of static electricity.

Fire Protection: Keep away from ignition sources and naked flame.

Section 8: Exposure Controls/ Personal Protection

Safety Data Sheet (SDS)

Engineering Controls: Local exhaust and/or dilution ventilation.

Personal Protection: Use of goggles is recommended. Wear personal protective equipment appropriate to the task, no smoking, eating or drinking in the workplace.

Respiratory Protection: Avoid excessive inhalation of concentrated vapors. Apply local ventilation where appropriate.

Section 9: Physical and Chemical Properties

Formula:	Mixture	Vapor Pressure:	0.11528 mm Hg
Formula weight:	Mixture	Vapor Density:	No Data
Boiling Point:	No data	Density @ 25°C:	1.0533-1.0733
Melting Point:	No data	pH:	No data
Flash Point:	184°F (CC)	Appearance:	Clear liquid
Solubility:	Insoluble in water		
Oxidizing Properties:	No data	VOC Content:	10.4%

Section 10: Stability and Reactivity:

Reactivity: Presents no significant reactivity hazards, by itself or in contact with water. Avoid contact with strong acids, alkali or oxidizing agents.

Decomposition: Carbon monoxide and unidentified organic compounds may be formed during decomposition.

Section 11: Toxicological Information

There is no data available for this product. The health hazards are assessed based on the Components of this mixture and their concentration according to the conventional method of Directive 99/45/EC (see Sections 2, 3 and 15).

Section 12: Ecological Information

There is no data available for this product. The environmental hazards are assessed based on

Safety Data Sheet (SDS)

the Components of this mixture and their concentration according to the conventional method of Directive 99/45/EC (see Sections 2, 3 and 15).

Section 13: Disposal Considerations

Waste materials must be disposed of in accordance with national/local legislative requirements. Avoid disposing into drainage systems and into the environment.

Section 14: Transportation Information

Proper Shipping Name: Not Regulated
Chemical Name:
UN #
Class
Packing Group:

Section 15: Regulatory Information

California Prop. 65 Components: This product does not contain any chemicals known to State of California to cause cancer, birth defects, or any other reproductive harm.

International Inventories

All of the components in the product are on the following Inventory lists: U.S.A. (TSCA), Canada (DSL/NDSL), Europe (EINECS/ELINCS/NLP).

TSCA	Complies
EINECS/ELINCS	Complies
DSL/NDSL	Complies

This product has been classified in accordance with the hazard criteria of the CPR (Controlled Products Regulations) and this SDS (Safety Date Sheet) contains all information required by CPR.

Section 16: Other Information

Date of Issue: 02/01/1999
Date of Revision: 05/01/2018

Decon Laboratories, Inc. provides the information contained herein in good faith but makes no representation as to its comprehensiveness or accuracy. Individuals receiving this information must exercise their independent judgment in determining its appropriateness for a particular purpose. Decon Laboratories, Inc. makes no representations or warranties, either expressed or implied of merchantability, fitness for particular purposes with respect to the information set forth herein or to which the information refers. Accordingly, Decon Laboratories, Inc. will not be responsible for damages resulting from the use of or reliance upon this information.
